

L1 Edge

L2 Edge

Traditional knob is standard on hinged doors

Traditional pull is standard on pedestals

Characteristics

- Lafayette Series, designed by Wayne Morgan, features simple elegance and contemporary attitude in a subtly traditional style.
- Lafayette is offered in two tiers. L1 offers a clean, cost-efficient transitional solution and L2 adds exquisitely raised panels for its distinctive look.
- Each of these series is hand-crafted with the attention-to-detail associated with fine furniture.

Construction - L1

- Top over pedestal construction.
- 3-1/2" base molding.
- Top is 1 1/4" thick.
- Edge detail on all four sides.
- Edge detail has mitered corners.
- Traditional bead molding on all top drawer fronts.
- Traditional antique brass and aluminum pulls.
- Locking pedestals are standard except hinged door (see accessories page # 11).
- Full extension drawer slides.
- Hutches are built in 3/4" end panel construction with 1 1/4" top.
- Wall hung cabinets do not have edge details.
- Bookcases have edge detail on 30" high only.
- All bookcases have 1 1/4" thick shelves with 3/4" end panels.

Construction - L2

- Raised panel on all pedestal fronts and backs.
- 3-1/2" base molding.
- Top is 1 1/4" thick.
- Edge detail on all four sides.
- Edge detail has mitered corners.
- Traditional bead molding on all top drawer fronts.
- Traditional G pulls.
- Locking pedestals are standard except hinged door (see accessories page # 11).
- Full extension drawer slides.
- Hutches are built in 3/4" end panel construction with 1 1/4" top.
- Wall hung cabinets do not have edge details.
- Bookcases have edge detail on 30" high only.
- All bookcases have 1 1/4" thick shelves with 3/4" end panels.
